## ASYLUM INVESTIGATION

First Session Held on Saturday At Which Senator Tillman, Dr. Babcock and Governor Blease Appeared. Dr. Babcock Tells of the Insurordination of his Assistants and Open Hostility of Board of Regents

Columbia, Feb. 7.—Senator Tillman, on the stand before the asylum investigating committee, said that it was from Doctor J. W. Babcock he got the information that Governor Blease's underlings and satellites were trying to manipulate the sale of the asylum property and would try to smirch the character of Dr. Babcock and his lady assistant, Dr. Saunders.

He excoriated the senator who turned his letter over to Governor Blease. He made a free and willing witness and showed much of his old time fire and vigor. He was on the stand only fifteen minutes and was followed by Dr. Babcock. He sat near the press stand and followed the proceedings closely.

Dr. Babcock told of the insurordination of his assistants and open hostility of the board of regents. He read two letters from Governor Blease demanding that he fire Dr. Saunders and spoke of the regents having framed a state whereby he was to have been fired and Dr. Thomson appointed in his place.

Dr. R. Carothers, the chairman of the regents, was to be first assistant and Dr. W. L. Settlemyer to have charge of the state park. He said he heard Governor Blease say he was going to have state park sold and the present building reserved for tuberculosis patients, use the present asylum building in Columbia, and use the state penitentiary for the negro patients.

Dr. Babcock laid bare the insurordination and jealousy of his subordinates and the hostility of the board of regents.

He was subjected to a running fire of questions from the committee.

Sensor Tillman said he alone was responsible for the removal of the elder Dr. Griffin and the appointment of Dr. Babcock in 1891.

Governor Blease trotted all over Dr. Babcock in his testimony before the asylum investigation committee. Once during Dr. Babcock's testimony the governor jumped to his feet and told him to leave his sister's name out of the matter or "I will put you where you will have to leave it out," there were flashes of anger.

The governor scored Dr. Babcock and while exonerating Dr. Saunders from all moral blame, credited her with causing the friction. He stood by the board of regents and announced he would challenge Tillman to joint debate on the stump, were Tillman able to meet him. He said he favored selling the state park and conveying the lands therein to a pellagra hospital, put the negro patients in the penitentiary, and use the present buildings for the whites. He said the penitentiary would soon be depopulated, as he proposed putting every prisoner on the roads.

The court room was packed and at 2.15 the committee adjourned until Monday afternoon at 3 o'clock.

## J. HOWARD MOORE FOR SENATE.

To Succeed Senator J. Moore Mars Who Will Run for Lieutenant Governor.

Hon. J. Howard Moore, at present a member of the lower branch of the general assembly, spent the weekend in the city with his family, and while here announced that he would be a candidate for the Senate from this county to succeed Senator J. Moore Mars, who it is understood will be a candidate for Lieutenant Governor in the primary this summer. It will be remembered that during the 1913 session of the general assembly Mr. Moore announced that he would probably be a candidate for Lieutenant Governor but since that time Senator Mars announced that he would be a candidate for the position, and as Mr. Moore realized that it would not be wise for two men from Abbeville county to run for the place, he has decided to withdraw in favor of Senator Mars and run for the Senate and leave the field to Senator Mars for Lieutenant Governor. This is the first political announcement in Abbeville county while it is a little early there is ample time for others to put their "hat in the ring."

This announcement is made on the authority of Mr. Moore and he states that he is in the race to the finish.

Senator Tillman is opposed to changing the name of Clemson to Calhoun, claiming it would violate the agreement with Mr. Clemson.

## LEVER EXTENSION BILL PASSED

GOES THROUGH UNITED STATES SENATE UNOPPOSED, WITH FEW CHANGES.

## AN IMPORTANT STEP

For the Benefit of the Agricultural Interest of the Country.—Will Ultimately Appropriate the Sum of One Hundred Thousand Dollars in Each State to Appropriate a Similar Amount \$10,000 First Year.

Washington, Feb. 7.—The house agricultural extension bill passed the senate with amendments today without a dissenting vote.

The bill provides for demonstrations on farms of approved methods and scientific discoveries as to farming and home economics, made in State agricultural colleges, experimental stations and in the federal department of agriculture. The secretary of agriculture and land-grant agricultural colleges are to outline plans for carrying out demonstrations.

As agreed to in the senate, the bill would appropriate unconditionally \$10,000 annually to each State. In addition, a sum of \$600,000 for the coming year, with a yearly increase of \$600,000 for the next seven years, would be provided for distribution among the States on a basis of rural population, conditioned on each State appropriating a sum equal to its portion of the federal funds. After seven years the bill would provide a permanent appropriation of \$4,800,000 annually.

An amendment requiring that negro colleges be permitted to share in the fund was defeated by a vote of 32 to 23. The bill was amended, however, as a result of a fight on the race question by placing the distribution of the fund in the hands of the secretary of agriculture and respective State governors in States having more than one agricultural college, and also specifying against race discrimination in the demonstration work.

The bill probably will be considered soon in conference between the two houses.

## LIBRARY ENTERTAINMENT.

The Abbeville Library association will give an entertainment consisting of tableaux and music in the opera house on Friday evening, February 13th, at 8 o'clock, to which the admission will be 35 cents, reserved seats, 75 cents general admission, and children, under 16 years, 10 cents. Reserved seats tickets will be on sale at McMurray's on Thursday, the 12th. The entertainment is for the benefit of the library association which needs funds for the purchase of books, etc., and it is hoped to have a full house. An effort is being made to secure a well known soloist for the evening.

## Chamber of Commerce for Abbeville.

A mass meeting was held in the Court House last Tuesday to organize a Chamber of Commerce of Abbeville. Abbeville has long needed such an institution and a very enthusiastic body of citizens attended the meeting. The club was organized with the following officers. President, A. B. Morse, Secretary and treasurer, W. D. Wilkinson Directors, D. H. Hill, Lewis Perrin, Fred S. Hill, J. S. Stark, S. H. Rosenberg, C. H. McMurray, & M. B. Hopp.

Steps will be taken at once to organize like institutions in every in the county. Secretary Wilkinson will make a canvass of the towns in a few days in the interest of this organization.

## Fashion Suit Demonstration

Haddon-Wilson's fashion suit demonstration, in the second story of their building Monday night proved to be a drawing card. There were something like 175 ladies and a sprinkling of gentlemen present. Seats were arranged along the side and southern end of the room while on the northern end an improvised stage was arranged. The small stage was curtained off with heavy green curtain material. The performance was under the direction of Mr. Peck, and the lady model was Miss Perry. She was announced by the manager to be of perfect form and pretty face and she looked the part.

The performance was conducted somewhat as follows: The young lady would dress in a certain costume—misses, girls, stout or slim—showing every detail of costume. She would pose for a moment, looking the very image of a wax figure, then she would descend gracefully down the steps and walk around the entire enclosure. This performance was repeated twelve or fourteen times, each time displaying some new design in hat or dress.

The performance was novel to Abbeville, and doubtless the ladies present got many new suggestions, though it is pretty generally known that in no town in the state do the ladies dress with more taste than in this same Abbeville.

## MEETING TEACHERS ON SATURDAY

ATTENDED BY 25 TEACHERS OF COUNTY. MR. SWEARINGEN NOT ABLE TO BE HERE

## FIELD DAY IN APRIL

And School Fair Will Be Held on Friday and Saturday the 3rd and 4th of April.—Tentative Program Submitted and Will Be Published at an Early Date.—Next Meeting at McCormick, Saturday, March the 7th.

The Abbeville County Teachers' association held a meeting in the Court House Saturday at 12 o'clock. State Superintendent of Education J. E. Swearingen was unable to be present.

About twenty-five teachers of the county were in attendance, and an outline of the program for Field Day exercises and the School Fair were discussed. Reports were heard from all the committees and matters are getting in shape for the two big days, April the 3rd and 4th. The next meeting will be held in McCormick on Saturday March the 7th. It is expected that a complete program covering the Field Day exercises and the School Fair will be published next week.

Watch the Medium for it. Constitution and by-laws were submitted by Miss Devlin, chairman which were adopted. The teachers evidently believe in advertising as the Constitution provides in two separate places that "notices shall be published in the county papers." If the teachers wish to keep up with the news of Abbeville county and the schools they will find The Medium very necessary.

Prof. R. B. Cheatham presided at the meeting Saturday. Superintendent of Education J. M. Lawson, made a short talk to the teachers, and Prof. Cheatham stated that compulsory education was a live subject and wanted the teachers to think about it as it would be discussed at the next meeting.

## VERA CRUZ FORFEITS ITS FUEL OIL SUPPLY

Mexican Government is Reduced to Dire Straits for Means of Operating Railway

Vera Cruz, Feb. 8.—The straits to which the Mexican government is reduced for fuel with which to continue the operation of the National Railway lines is shown by the commandeering today of virtually the whole fuel oil supply of Vera Cruz. This threatens the early suspension of traffic between Vera Cruz and the capital.

The government last night sent a train of 18 oil cars to Vera Cruz. Today an officer at the head of a squad of troops, made a formal demand on the agent of the Agula company to surrender all the oil in its possession. The agent replied that the oil already had been sold to the Mexican railroad, which is a British corporation. The engineer in charge of the pumps refused to fill the oil tanks and was arrested. Latter he was released but was compelled to obey the order. There now remains in Vera Cruz only a six days' supply of oil for the operation of the Mexican and Inter-oceanic railways, and there is no prospect of receiving more oil from Tampico. It is believed it will be impossible to maintain communication with Mexico City beyond the end of the week, except in the case of trains for government service.

It is asserted that the next move of the Mexican government will be to seize locomotives and rolling stock of the Mexican railroad to replace the engines and cars recently destroyed in the north.

It is reported that a decree has been prepared and only awaits the president's signature doubling duties on all imports from the United States.

The United States cruiser Des Moines here today. After coaling she will proceed to Tampico.

## THE CIVIC CLUB.

The regular meeting of the Civic Club will be held Thursday afternoon at four o'clock at the club rooms over Philson & Henery's store. This is the day set apart by the State Federation as Reciprocity Day and we will have as our guests Mrs. M. P. Gridley, President of the Thursday club of Greenville and Mrs. L. O. Robinson of Leveland.

Reciprocity Day is an open day and the different women's organizations of the city are cordially invited to meet with us.

Mrs. W. P. Greene, President.

Mrs. A. M. Stone, Secretary.

Mrs. M. P. Gridley, who comes to Abbeville Thursday as the guest of the Civic Club, is one of the most distinguished club women in the State. For many years she has been the President of the Thursday club and is a woman of affairs in Greenville. The ladies of the different organizations of the city are invited to meet with the Civic Club and hear what Mrs. Gridley has to say.

If you expect to stand the cold get your blood stimulating in order to circulate properly. Milford's blood purifier will do it.

## MISERERE MEI DOMINI

By CHARLES W. CUNO.

In the province of San Diego, near the River La Plaza, grew at one time the prettiest flower nature had ever fashioned in womanhood. A rustic picture was she, indeed, divine, Mercedes.

Don Palo, dark, handsome, stood beneath a festooned palmetto and gazed enraptured at this picture.

In the distance could be heard the silvery peal of a convent bell and, when the wind quieted, the faint echo of the Miserere floated on the air.

Palo approached and touched the listening girl upon the arm.

"Oh, Palo! Is it you?" she cried. He took her hands in his and printed a fervent kiss upon her lips. "Yes, Mercedes," he answered, "I have come back to see you once again."

"But— but—" she began. "No, Chiquita, there is little danger. No one knows that I am here."

Out of the convent window Sister Sorice looked listlessly. As she looked the two parted, and Mercedes was left standing alone. She was the daughter of a miller, he the son of the governor of the province of San Diego. Sister Sorice shook her head sadly. Three months before she had witnessed their first meeting.

When Palo went to his father and confessed his love for Mercedes, he flew into an awful rage. "Son," he said sternly, "you will never go near the miller's daughter again. I shall give orders. If you are caught there, you will be put in prison. Remember, I mean what I say."

But Palo came again to see his Mercedes and Sister Sorice was watching from her high convent window. Alas, he came to tell his sweetheart that he is going away on a trip to far off Spain, but he will be back again in a year, perhaps sooner. Will she wait for him till then?

"In the morning," he said, "I may see you again, 'tis for the last time by the bridge that goes over the Plaza, is it not so? Mia Carrissima! Tears came to the girl's eyes as she nodded her head. He kissed her and went down the path. In the morning she was waiting for him at the bridge when Palo arrived. She was about to fly into his arms, when, out from the shrubbery stepped a soldier. "I arrest you, Senor," he said.

The officer's back was turned toward her. An impulse, a flash, and it was done. She had drawn the dagger from her girdle and plunged it into his back. He fell like a log. Palo shrank back aghast.

"If I am caught now," he cried. "But you will not. Go! Go! she cried, in frenzy pushing him toward the bridge. At the bridge she stopped. "Kiss me once," she cried. He stooped and kissed her passionately.

They parted and Mercedes began to run quickly through the woods. She saw people standing around the body. She fancied she heard her name spoken. Fleet as a deer, she sped away, but before she had gone a hundred yards, she was discovered. There was a shout and a dozen started after her.

The silver bell of the convent was again ringing and she ran instinctively towards the sombre sheltering walls. She stumbled up the steps and fell into the arms of Sister Sorice.

Snatching the silver crucifix from her girdle Sorice held it defiantly into the faces of the oncoming mob. They recoiled from it as from a great repellant force.

"Stop," she cried, "she has taken refuge with God. Would you defile the sanctuary of the Lord?"

They looked into the calm, determined face of Sister Sorice, and one by one, slunk shamefacedly away. Trembling, Mercedes wept out her story to the sister, who, when she heard it, wept with her.

"My child," said Sister Sorice, gently putting her arm about Mercedes, "I will tell you a story. Twenty years ago a maiden bled her lover good-bye by that little bridge down. 'Wait for me,' he said. 'I will return soon!' But he did not, and soon the maid took refuge in this convent to hide her shame. A little girl was born and a good man took pity on it and adopted it as his own. That maid, Mercedes, was myself. For twenty years I have looked down that road, watching for the return of my lover."

She paused and looked at Mercedes with infinite yearning. "And you," she continued at last, "Has the miller never told you?"

Mercedes looked at the sister in surprise. "Told me what?"

"You—you are—my—child."

Many weary hours passed since then. One weary watcher has been laid to rest, but there is a sister still, with snowy white hair and kind, wistful face, who stands by the high little window and looks out upon the road. Perhaps she fancies she hears a voice. It is only the humming of the old bell and the echo of the quivering voices as they sing:

"Miserere mei Domini."

## Some Facts About Hookworm.

The prevalence of this disease in the southern states was discovered by Dr. Stiles in 1902. Work for the eradication was first begun in 1910, and is now being carried on throughout the South. Over 500,000 persons have been treated; 50,000 having been treated in South Carolina.

The work has been carried on in every county except Charleston, Kershaw and Saluda. Of all persons examined microscopically, over 30 percent were infected; of children, living in rural districts, over 46 percent were infected. In fully half of these cases the infected persons appeared healthy. The disease is not hard to cure, but this requires several doses of medicine. The youngest person treated was one year of age; the oldest was ninety-four. Wherever soil pollution is practiced, the disease is certain to prevail.

Will these facts suffice to make our people do their utmost to make their premises sanitary?

## New Enterprise for Abbeville.

The work on the new building for the P. Rosenberg Warehouse Company is being pushed forward rapidly. When completed this building will be used for a private warehouse and a fertilizer mixing plant. Mr. Rosenberg experts to build other warehouse at once on the property occupied by the Acker Building and Repair Co.
